Disclaimer for Presentations

The **Presentations** provided by **Cutting Edge Surgical Medical Group**, a division of **Paul J. Wisniewski, DO, Inc.**, are intended to offer general information and guidance based on current research, clinical best practices, and expert opinions in the medical field. These presentations are designed to assist healthcare professionals in making informed decisions regarding patient care, but they are not a substitute for personalized medical advice, diagnosis, or treatment.

Important Notes:

- The presentations are for informational purposes only and are not intended to replace professional medical judgment. They should be used as a reference and adapted to the specific needs of individual patients.
- Application of these presentations should be made by healthcare providers, taking into account the unique medical history, condition, and circumstances of each patient.
- While **Cutting Edge Surgical Medical Group** strives to provide the most accurate, up-to-date, and evidence-based information, we cannot guarantee that all content on the website is free from errors, omissions, or outdated information. Medical knowledge evolves rapidly, and presentations may be updated periodically.
- **Cutting Edge Surgical Medical Group** does not assume responsibility for the outcomes of any medical decision or intervention based on the use of these presentations. The use of this information is at the user's own discretion.
- Healthcare providers are encouraged to consult the latest peer-reviewed research, professional standards, and individual patient assessments before making clinical decisions.

For specific medical concerns, treatment advice, or patient management, please consult directly with a qualified healthcare provider.
